

GHG Management Policy
TTW Public Company Limited

TTW Public Company Limited is committed to sustainable business operations on the basis of environmental responsibility, realizing the necessity to participate in solving climate change problems as well as supporting and promoting the GHG management for the benefit of the organization, society, and environment. In order to response the government's policy to GHG reduction as Thailand has announced its intention to the United Nations Framework Convention on Climate Change: UNFCCC. Therefore, the GHG Management Policy has been announced as follows:

1. Commit to being an organization with GHG reduction management;
2. Improve organizational processes for energy efficiency;
3. Promote the use of renewable energy and clean energy to reduce the use of natural resources;
4. Promote waste management in the organization to reduce the amount of waste; and
5. Raise climate change awareness among employees and stakeholders

Announced on March 31, 2022

Ms. Walainut Trivisvavet

Managing Director
