

Environmental Quality, Occupational Safety and Health Policies

TTW is determined to implement the environment quality, occupational safety and health activities by emphasizing on the participation of our personnel in order to ensure continuing development as follows.

1. Producing running water with quality that is responsive to the needs of customers.
2. Ensuring maximum satisfaction from direct and indirect customers.
3. Improving and developing knowledge, ability, skill and expertise of our employees on continuing basis to ensure that they have consciousness on environment quality and occupational safety and health.
4. Complying with the laws and requirements on the nature and problems relating to environment and work safety of the company.
5. Preventing pollution from the company's business activities that may affect natural environment, including the efficient use of energy and resources.
6. Preventing and mitigating accidents, danger and illness that occurred to our employees and those who involve with the operations of the company while performing the duties.
7. Preparing for any possible emergency incident and working to ensure that such incidents would not affect personnel and properties that are inside and outside of the company.

The management was responsible to support on budget, manpower, time sufficiently and appropriately to drive quality, environment, occupational health and safety to be in accordance with the policies, objectives and goals set.
